## DESIGN INSPIRATION

Some sofas look so inviting and comfortable, that you immediately want to sit down in them. 'Studio' is the perfect example. And once seated, you will not be disappointed. The padded armrest is just the right height, the generous cushions support you in all the right places, the choice of seating depth and height perfectly accommodates your size—'Studio' is the quintessential sofa for lounging.

## DESIGNED BY JAN TE LINTELO

Jan te Lintelo was born into a family of furniture retailers and from an early age understood the craftsmanship required from artisans and designers. He decided to study furniture manufacture, honing his creative skills. Practice makes perfect though, so Jan first joined renowned, cutting-edge Dutch furniture brand Pastoe and then equally renowned Gelderland. In 1994, he felt ready to spread his wings and started his own company, LINTELOO. His design characteristic remains unchanged: the ultimate combination of generous proportions, comfort and style, executed by the best craftsmen in the business.

## OPTIONS

**Legs:** Standard height 4 cm (not visible), 6 or 8 cm available upon request

**Upholstery:** Fabric: removable cushion covers, removable body cover, available in all fabrics from the LINTELOO collection. Leather: removable cushions covers, removable body cover, available in all leathers from the LINTELOO collection. Customers can opt to supply their own choice of upholstery fabric/leather. Please note: leather upholstery requires more (visible) seams than fabric upholstery. For an impression of LINTELOO's fabrics and leathers, see 'Materials' at [linteloo.com](http://linteloo.com)

**Cushions:** Available with either goose down/feather or hypoallergenic fibre filling. Please note: down/feather-filled cushions must be plumped up regularly. As seat cushions can be heavy, a combination of fibre filled seat cushions and down/feather-filled back cushions is increasingly popular.

**Special features:** Full set of fabric replacement covers available at 50% of the current retail price of the piece of furniture. Leather replacement covers on request. For optimum versatility, the longchair can also be ordered as a 'stand-alone' piece which differ slightly from the modular longchair.

## MAINTENANCE

All LINTELOO furniture has been made with love and care. Of course, we want you to enjoy it, for as long as possible. Proper maintenance will prolong its lifespan, which is why each piece of LINTELOO furniture comes with a maintenance instruction booklet, also available for download at [linteloo.com](http://linteloo.com) Detailed information on care and cleaning, including the recommended products, can also be found at [linteloo-care.nl](http://linteloo-care.nl)

**Upholstery:** Maintenance of the upholstery obviously depends on your choice of fabric or leather. As a rule of thumb, fabric upholstery—especially when removable—is easier to clean in case of spots and spills than leather. On the other hand, leather will handle regular wear and tear better, in a sense that the odd sign of use only adds to its character.

**Cushions:** Again, the level of maintenance depends on your choice of filling. Down/feather-filled cushions require regular plumping up and airing. But you may prefer the firmer seating experience and hypoallergenic qualities that a 100% polyester filling provides.

**Legs:** The occasional wipe-down with a damp cloth is all it takes.
