

ORION

2020 EL SCHMID

DESIGN INSPIRATION

At LINTELOO we are more than proud that our collection of furniture has inspired El Schmid to come up with 'Orion': a design that allows for a degree of mobility in lighting, which perfectly suits our flexible, modular seating arrangements and is equally at home over any dining table. Whether you opt for the pendant lights with movable arms, or the floor lamp, 'Orion' will throw its (dimmable) light exactly where and how you want it. With its elegant, slender frames and shades, 'Orion' is reminiscent of Japanese lanterns, floating in mid-air

DESIGNED BY EL SCHMID

Austrian-born and Hispanophile El Schmid (1953) moved to his beloved Andalusia in 1992, from Munich, Germany, where he ran a successful and internationally acclaimed workshop. Ever since his first apprenticeship, El Schmid has been fascinated by the use of metal in furniture and lighting. Today, in his 'Manufactory' in beautiful Seville, El Schmid continues to translate daring design ideas into luxurious pieces that ooze craftsmanship.
