

LINTELOO

'IT'S ALL ABOUT COMFORT
AND THE JOY OF LIFE'

*'I wanted to create a brand that radiates
'enjoying the good life' in every possible way.'*

LINTELOO STORY

LINTELOO

JAN TE LINTELO
FOUNDER OF LINTELOO

NIELS ROKS
MANAGING DIRECTOR

In 1994, Jan te Lintelo, later joined by his life partner Lars Nikolajsen, out of his passion for design and furniture began creating the LINTELOO collection, in which, right from the start comfort and luxury living were key. They let nothing stand in their way of building a collection, which expressed their way of living: no restrictions, but rather free and generous.

They wanted to give their customers the ultimate luxury life experience, by working with national and international top designers and the best manufacturers in the world, to create designs that stand the test of time and exemplify easy-going comfort.

Today, more than 25 exciting years later, we at LINTELOO still work on expanding our brand and collection with love and joy, committed to put our passion for life at its heart. With Jan handing over of the helm of the day-to-day operations at LINTELOO to Niels Roks, we have added a new chapter to our company. Jan is now completely focussed on product development as well as, of course, being the most important ambassador for the brand.

Niels has a solid background and a history of success in the world of furniture and interior and product design. Combined with a natural curiosity about the way people live, his zest for life and enjoyment of life's pleasures, this made Niels the perfect choice for Jan and Lars to follow in their footsteps.

Niels is passionate about the quality and heritage of the brand and is building on its strong tradition, expanding the LINTELOO collection with designs by both new and longstanding designers and taking the company to the next level. So, you can rest assured that we at LINTELOO will continue letting our customers enjoy the good life, for many years to come.

OUR DESIGNERS

Over the years LINTELOO has produced a series of successful designs that are still very much in demand today. The collection as a whole doesn't radiate a single rigid style, but all items are related to one another, like a family.

Same goes for the designers we work with. They don't have the same signature, but they do all share the same philosophy. They work hard and think out of the box, while respecting traditional craftsmanship. And they all enjoy life as much as we do!

OUR COLLECTION

LINTELOO

Every item in our collection is beautifully designed and crafted. Yet every item is there for you to be used, to be lived with, to be enjoyed. We embrace the concept of 'perfect imperfection', where traces of use add character, as a visible reminder of a life well lived. We love how no two pieces of leather are the same, how the veining of marble varies, creating singular and timeless pieces for an interior that is uniquely yours.

SOFA'S

Our approach to all sofas in the collection is that they must be as comfortable as they are beautiful. Their modular character, combined with the extensive fabric and leather options from our upholstery collection, enables you to create a bespoke sofa that is exactly tailored to your personal taste and (life)style.

ARMCHAIRS

Armchair (noun), – a comfortable chair with two resting places for the arms -. Of course, at LINTELOO an armchair is never just that, but much more. We offer you a versatile collection of armchairs, all with their own distinctive character. Upholstered in the fabric or leather of your choice, it will be your perfect resting place, tailored to your exact taste.

DINING TABLES & CHAIRS

Your dining table, the hub of your home, is where you congregate with your family, where you have breakfast in the morning sun or spend long evenings with friends. Off course, you prefer doing all this sitting as comfortably as possible. With this in mind, we offer you a versatile collection of well-crafted dining chairs and benches, to make those dinner table moments even more enjoyable and memorable.

COFFEE & SIDE TABLES

LINTELOO

We feel a coffee- or side table and sometimes even a console table is one of life's must-haves: somewhere to put your coffee, your glass of wine, a book or a treasured piece of art. And since it is a must-have it had better be beautiful as well. Our coffee, side and console tables, come in all shapes, sizes and materials, to fit your individual needs and taste. What they have in common, is that each and every one of them is well-designed and perfectly finished.

IWA COFFEE TABLES

Inspired by Piet Mondriaan and Russian Constructivism, this low oak table is beautiful and striking and, in fact, extremely practical. 'Manhattan' embodies that well known phrase: a place for everything and everything in its place.

'San' is Japanese for 'three' and the three-dimensionality of these two-tier tables is underlined by the angle at which the top is set over the lower shelf. Inspired by the art of origami (paper folding), these angles allow you to create a wide range of interesting shapes, using two—or more—'San' tables.

CABINETS

LINTELOO

We love our books, magazines, sparkling crystal coupes, fine bone china, our vinyl records and board games. But where to store them in a way that is both practical and aesthetically pleasing? And which could, maybe, also be used to create a separate zone in your room at the same time? Check out our elegant, decorative and, of course, practical cabinets, that will offer you just that and more...

LIGHTING

In addition to functionality, the right lighting can change the mood in a room. The beautiful lighting objects in our collection are a seamless combination of purpose and style. They help you create a visually dynamic space and give your room that special feel you are aiming for.
