

CAPRI

2025 JAN TE LINTELO

DESIGN INSPIRATION

The soft sea breeze, the local limoncello, the azure waters—the beautiful Italian island of Capri oozes the luxurious lightness of being. Light, airy and utterly comfortable are also the characteristics of this sofa, 'Capri'. The elegant, subtle lines of the frame allow the gloriously fat seat, back and arm cushions center stage. Sitting (or, of course, lying) down on 'Capri' is letting your mind slowly drift away.

DESIGNED BY JAN TE LINTELO

Jan te Lintelo (1954) grew up surrounded by beautiful furniture, in his parents' furniture shop. Hence, his love for craftsmanship and design started young. Having studied furniture manufacturing in Rotterdam, he honed his creative skills at various renowned brands. And in 1994, the time had come: Jan struck out on his own, with LINTELOO. Apparently, he did something right because Jan's very first design, the 'Easy Living' sofa, still is part of the LINTELOO collection. The name and its design perfectly embody Jan's and LINTELOO's philosophy: timeless, relaxed and comfortable design. By now, Jan has handed over the helm of the day-to-day operations, to Niels Roks. This allows him to fully focus on product development, which still regularly involves him putting pencil to paper.

Coupling system: The elements in any configuration are joined together by a steel coupling system.

Legs: Steel.

OPTIONS

Steel: Gunmetal or bronze finish.

Upholstery: Fabric: removable cushion covers, removable body cover, available in all fabrics from the LINTELOO collection.

Leather: removable cushion covers, fixed body cover, available in all leathers from the LINTELOO collection. Customers can opt to supply their own choice of upholstery fabric/leather. Please note: leather upholstery requires more (visible) seams than fabric upholstery. For an impression of LINTELOO's fabrics and leathers, see 'Materials' at linteloo.com

Cushions: Available with either a goose down/feather or hypoallergenic fibre filling. Please note: down/feather-filled cushions must be plumped up regularly. As seat cushions can be heavy, a combination of hypoallergenic fibre-filled seat cushions and down/ feather-filled back cushions is increasingly popular.

Special features: Full set of fabric replacement covers available at 50% of the current retail price of the piece of furniture. Leather replacement covers on request.

MAINTENANCE

All LINTELOO furniture has been made with love and care. Of course, we want you to enjoy it, for as long as possible. Proper maintenance will prolong its lifespan, which is why each piece of LINTELOO furniture comes with a maintenance instruction booklet, also available for download at linteloo.com. Detailed information on care and cleaning, including the recommended products, can also be found at linteloo-care.nl.

Upholstery: Maintenance of the upholstery obviously depends on your choice of fabric or leather. As a rule of thumb, fabric upholstery—especially when removable—is easier to clean in case of spots and spills than leather. On the other hand, leather will handle regular wear and tear better, in a sense that the odd sign of use only adds to its character.

Cushions: Again, the level of maintenance depends on your choice of filling. Down/feather-filled cushions require regular plumping up and airing. But you may prefer the firmer seating experience and hypoallergenic qualities that a 100% polyester filling provides.

Legs: The occasional wipe-down with a damp cloth is all it takes.

WARRANTY
