

LUNA

2025 MARCEL WOLTERINCK

DESIGN INSPIRATION

'Luna' is a unique wall unit, where daily routines, cherished memories, and moments of self-reflection intersect. The geometric lines symbolize our busy lives, filled with stories and experiences, building up in layers. The vertical mirrors are an opportunity for self-observation—a moment of reflection, critical or admiring. The horizontal shelves keep daily items at hand, while hidden recesses store special items, cherished and only revealed on special occasions.

LINTELOO

DESIGNED BY MARCEL WOLTERINCK

When Marcel Wolterinck opened his flower shop in Laren, the Netherlands, in 1986, little did he know he would soon be one of the prominent representatives of modern Dutch design. His floral creations with their immediately recognizable 'Wolterinck signature', evolved into interior design projects around the world. It will come as no surprise that Marcel loves using wood and other natural materials, celebrating their unique variations in texture and colour. His designs are sophisticated yet utterly liveable, with a strong emphasis on a sense of warmth and comfort. Marcel loves the interplay between indoor and outdoor spaces: 'I enjoy design in which the outside and inside grow together and towards each other, overlapping and connecting.'
